TAKEUCHI NAMES DURANTE RENTALS AS NEWEST DEALER IN NEW YORK

Atlanta, GA: Takeuchi-US has announced Durante Rentals as their newest dealer in New York. Durante Rentals will carry the full line of Takeuchi compact earthmoving equipment, including compact track loaders, compact excavators, compact wheel loaders, and skid steer loaders.

With four locations throughout the NYC and Westchester area, Durante Rentals provides construction equipment rentals and sales from locations in Elmsford, Bronx, Mt. Vernon and Queens. Durante Rentals, an INC 5000 company (#1,879 in 2013), is considered one of the fastest growing equipment rental companies in the industry.

“We pride ourselves on our families’ long history in the New York construction industry,” said John Durante, President of Durante Rentals. “The Durante name has always been synonymous with first-class customer service and a level of quality that far surpasses our competition. We partnered with Takeuchi because we know they share these same characteristics. They are a quality company with a quality line of equipment,” says Durante.

“Durante Rentals is a rapidly growing dealer and a hard working group of people with a great leadership team who make their customers a top priority,” said Kim Robinson, Takeuchi Director of Sales. “They serve a large market throughout the NYC area and we are very excited to begin our partnership with them.”

About Takeuchi

Takeuchi is an ISO 9001 certified manufacturer of an extensive line of compact track loaders, compact excavators, compact wheel loaders, and skid steer loaders. Founded in 1963, Takeuchi was the first company to introduce the compact excavator to North America, setting the stage for one of the highest growth product segments ever introduced in the compact equipment market. The compact excavator has become a main line product for both rental and construction/utility companies. Takeuchi continued to lead the compact construction industry with the introduction of the first compact track loader to North America.
